

THUNDER HOUSE

Dates: May 3rd & 4th. 2025

Only available 2 times in May

1 day

8 people

Moderate

Description: This freighter tour is a once in a lifetime opportunity to go see Thunder House Falls almost right after break up. Not a lot of people get to see Thunder House at high water like this. Our true beauty of the area is definitely Thunder House. My personal favorite place on earth. So powerful! Spend a full day on the Missinaibi river. Go through rapids and back. Hike in to the lookout (Around 2km) We travel on the river in a big 20ft. freighter canoe with a motor which means you don't have to paddle

Itinerary: We will meet at the Tourist Center in Hearst for 8am. We will take the shuttle car to the landing 2 hours north east of Hearst. We will make our way down river for about 1h30 going down multiple rapids. Once we get to the portage trail, we will have lunch. We will then go hike to the lookout to admire this amazing canyon. In the afternoon, we will make our way back up river. We will get back to Hearst in the late afternoon.

240\$ per person

Freighter
